Vendor Selection Criteria and Process --Please read and **keep** the following information (do **not** mail this portion with your application please):

Each individual vendor will be reviewed and selected by a committee based on the following criteria:

1. Offers high-quality, authentic merchandise, which appeals to the Farmers' Market audience.
2. Products must be handcrafted by the vendors selling the items, hard to find, unique and unusual items that are not widely commercially available.
3. No imports, resale, or commercial items are to be displayed and sold at the market, produce and value added items must be grown, made, and/or raised by vendor selling items.
4. Vendors must live within a 100-mile radius (as the crow flies) of Hailey and/or Ketchum.

In addition, we seek to provide a variety of items in terms of price point, selection, style and materials used. We also seek to not have too many of the same items offered on the same day. Therefore, even vendors who meet the criteria noted above might not be chosen because other vendors offer similar style or wares. In the spirit of creating diversity of goods, the Farmers' Market board reserves the right to deny participation or may try to find other dates than ones supplied on this application to create that diversity each week.

As part of the process, please include photos of your art/craft with your application. These photos will accurately represent the type and variety of items you wish to display and sell.
